Absolutely Pure. Celebrated for its great leavening trougth and healthfulness. Assures be food against alum and all forms of

BOYAL HARING POWDER CO., NEW YORK

I MAY BE WRONG:

When they were sent to make the laws; One half the things they promised to. But when it comes to making "stuff." They work together good and strong: And get themselves fixed well enough

But then, of course, I may be wrong

I can't help thinking, right or wrong, It's a disgrace, a lasting shame. When legislators play the thief And call themselves another name A people outraged and betrayed

It might not be so very wrong But Se it so, I'll sing my song.
And pray the day may swiftin doing When those who serve themselves alone We shall elect to stay at home:

When men and patriots, true and tried, The halls of state shall thickly throng; But while I pray, and hope beside, I may be wrong. I may be wrong. O. T. FELLOWS, in the Los Angeles Herald

MINERAL PRODUCTION IN 1896. The statistics collected for the Mining Industry, the annual supplement of the Engineering and Mining Journal, show that the total value of the United States in 1896 was \$751,732,-

782. an lacrosse over 1895 of \$18. \$58,660,637, or \$11,830,437 more than 1895. The production of silver was

55,222,322 fine onness, or 9,891,087 cances more than the previous year. The pig iron production was 8,623, 127 long tons, a decrease of 821,801 tons, Coal production amounted to 187,373,477 tons, being 1,922,178 tons less than 1895. The production of copper was the largest ever reported, being 467,822,928 pounds, or 81,359 pounds increase. The production of lend was 174,792 tons; of spelter, 76,-687 tons; of quicksilver, 833,480 flasks; of alum, 77,700 tons; of cement; 8,487,265 barrels; and of salt, 13,954,2 573 barrels. The production of gold, silver, copper and pig iron is greater than that of any other country in the

world, and that of coal is exceeded only by Great Britain. The woman who inaugurated the beautiful custom of decorating the graves of soldiers who fell in the civil war is Mrs. Kate M. Heath, a resident of National City, Cal. In 1864, while a resident of Columbus, Miss., she visited the cemeteries and covered the graves of the Union and Confederate dead with garlands of flowers. From this incident Memorial Day had its

origin. The Yellow river, which has been named the "Sorrow of China," is probably the most destructive stream on the face of the earth. In less than a hundred years it has changed its channel four times, and the point where it empties into the sea has from time to time been moved up and down the coast a distance of 300 miles. It runs through a vast alluvial plats and is fed by streams from a great system of mountains to the north. When the snow melting on this range comes at a time of heavy rains the result is sure The fear of a Tammany victory in to be a terrific flood. It has been estiover 10,000,000 of human beings have perished in the floods of the Yellow and property this stream is unparalleled, and the sobriquet bestowed ap- a it is smply justified by its history.
